

Housing Authority of the City of Loveland

May 10, 2011

To All Housing Authority Participants/Residents:

The Housing Authority of the City of Loveland is pleased to announce openings for our **Resident Advisory Board**. This important council is made up of community residents and/or participants who assist the Housing Authority in the administration and decision making process for properties and programs. These teams of volunteers work with staff to develop on-site community policies, informal Grievance Hearings, Annual Plan, etc.

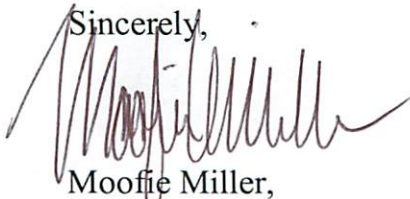

Members of this board attend quarterly meetings held at the Housing Authority Administrative Offices – 375 West 37th St., in the evenings. Should special programs or projects arise, additional meetings may be required. The Housing Authority considers these volunteer members as highly regarded members of the Housing Authority team.
